Free ACREAGE

Dear Sir,

Yates Petroleum Corporation would appreciate an administrative approval for a proposed unorthodox Abo gas well location as provided for under NMOC Rule 104F.

Our preferred location for this well was 1980' FNL and 660' FEL. Our reason for requesting the non-standard location is topography. As can be seen on the map, this location falls in rough terrain.

Enclosed please find a copy of the lease map showing offsetting lease operators and a topographical map of the area. Offsetting lease operators have been notified of our intentions by certified mail, via a xerox copy of this letter.

Formations we expect to drill through are: San Andres, Glorieta Fullerton, Abo.

Thank you for your help in this matter.

Sincerely,

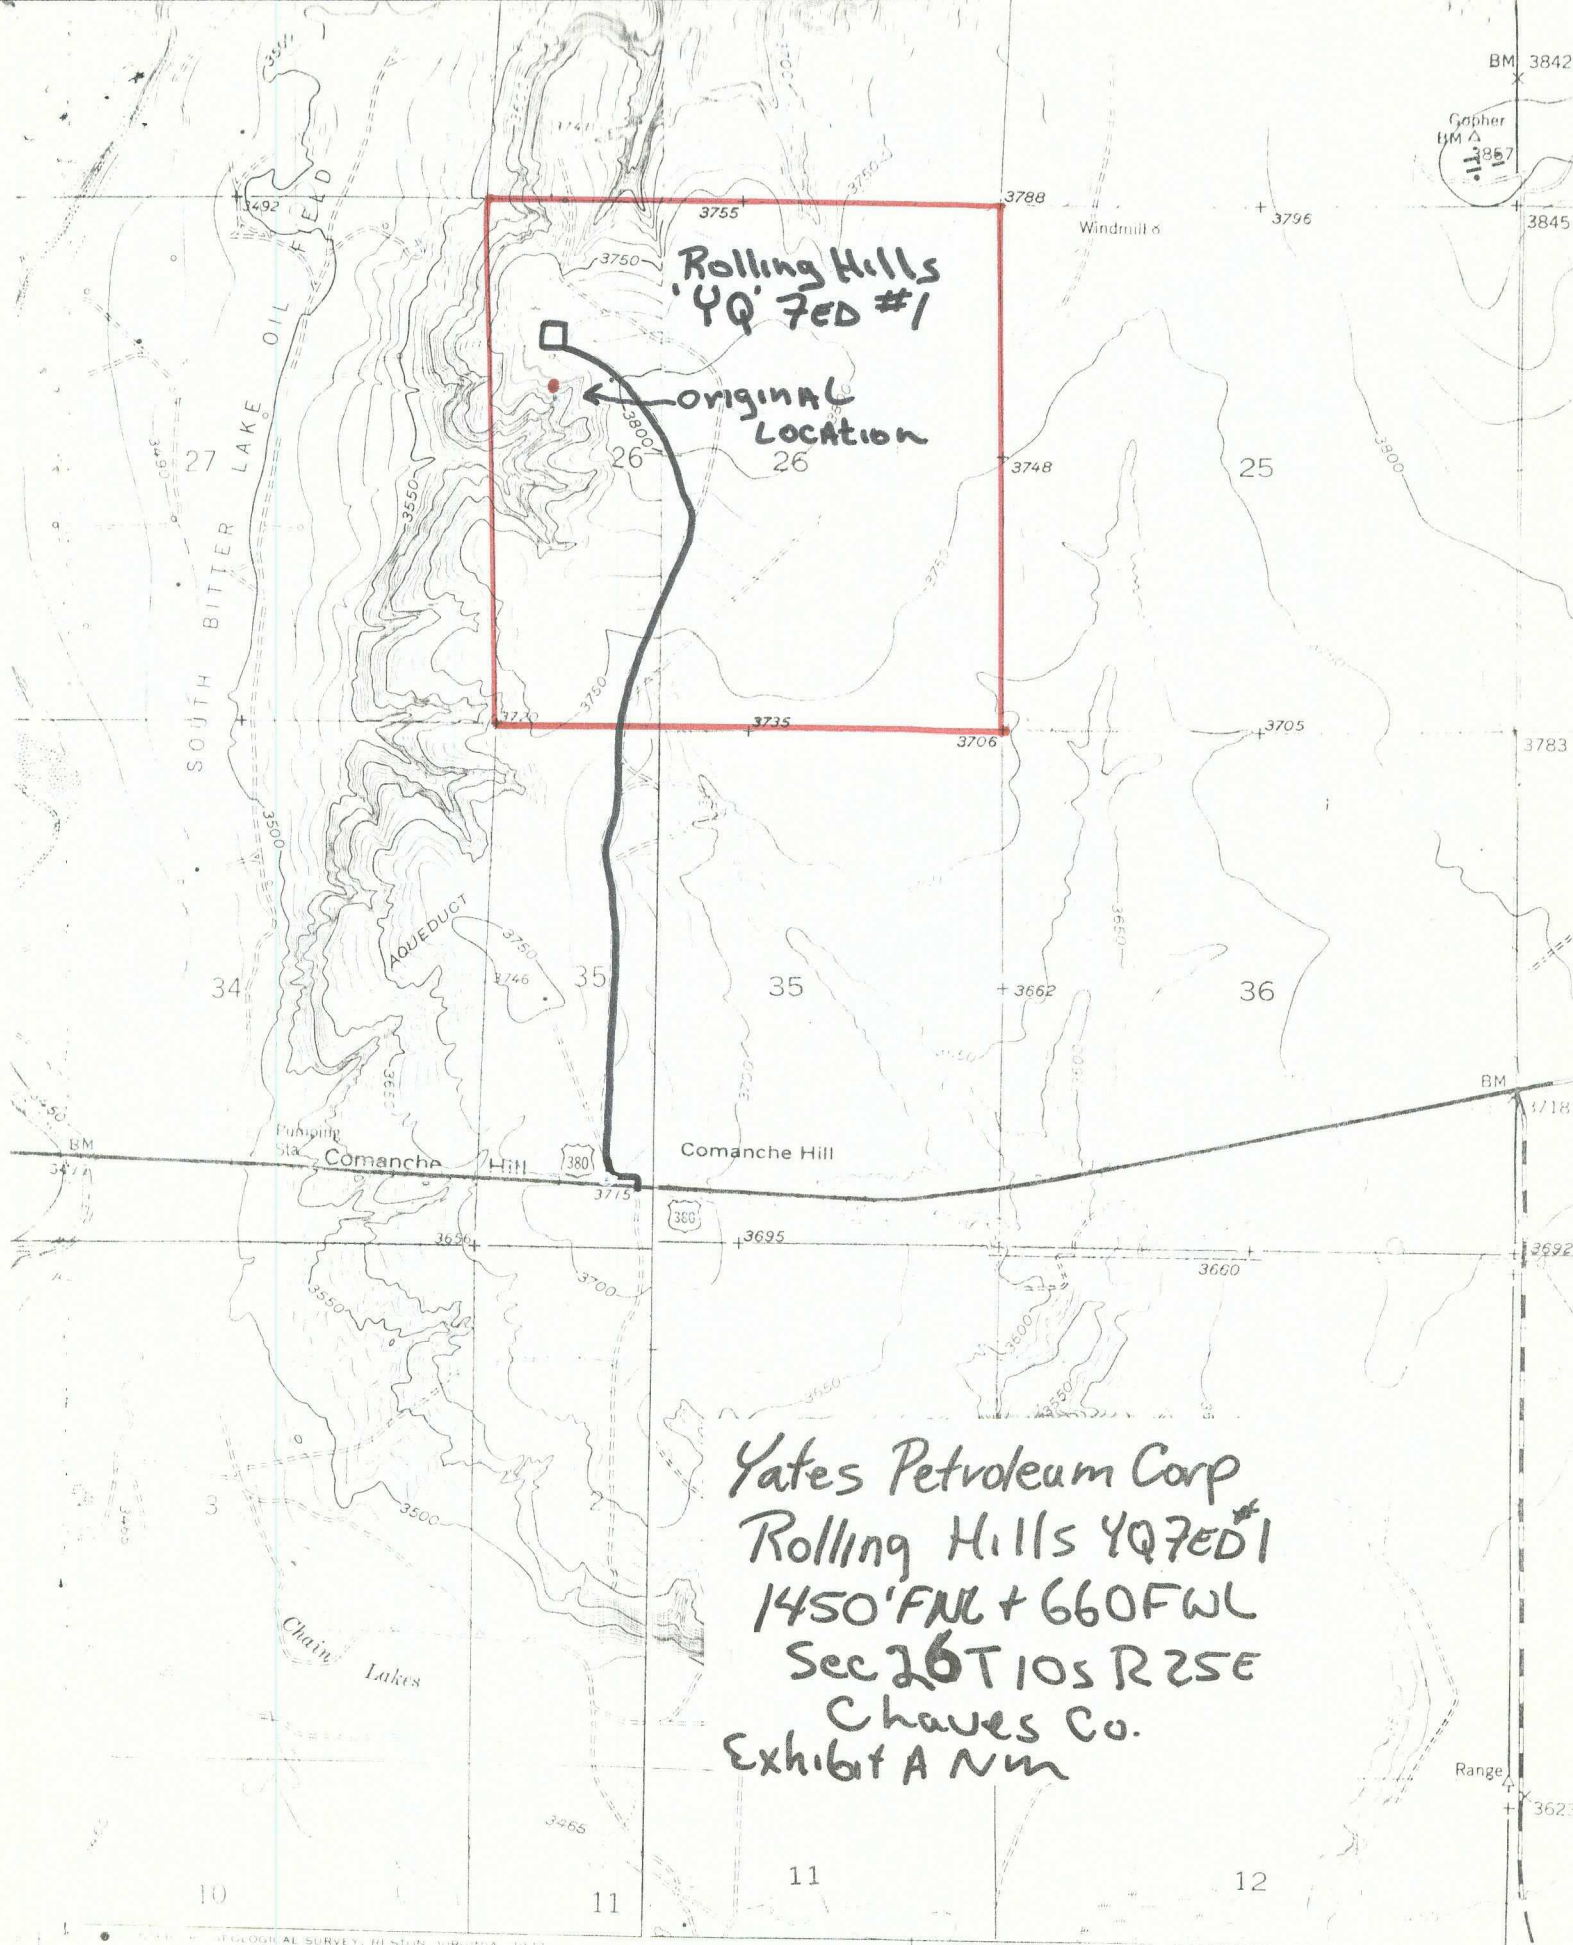

Cy Cowan
