Bonnie Atwater SDX Resources, Inc. PO Box 5061 Midland, TX 79704

## Re: Extension of Administrative Order SWD-1041

Dear Ms. Atwater:

Administrative Permit Order SWD-1041 approved the AID 24P State Well No. 23 (API No. 30-015-31552) for injection of salt water into the San Andres and Yeso formations on August 15, 2006.

As per your request on behalf of SDX Resources, Inc., and for the reasons outlined, the deadline to commence injection is extended until August 15, 2008.

It is our understanding the ownership within the Area of Review for this well has not changed since the original permit application was received.

Provided: The operator shall not begin injection into this well until all pre-conditions contained in the original order are complied with.

The injection authority for this well shall expire on August 15, 2008, if the operator has not commenced injection operations.

Sincerely MÁRK E. FESMIRE, P.E.

MARK E. FESMIRE, P.E. Director

## Jones, William V., EMNRD

From:Chuck Morgan [cmorgan@sdxresources.com]Sent:Monday, August 27, 2007 7:20 AMTo:Jones, William V., EMNRD

Subject: Re: Extension of SWD-1041

SDX is requesting a one year extension of the C-108 on the AID #23. There are numerous working interest partners in this well and we are still working to obtain authorization from all parties to incur the necessary expenses to convert this well to injection. The requested time extension should be sufficient to accomplish this. The original area of review has not changed to my knowledge. Thanks for your assistance on this matter.

Jones, William V., EMNRD wrote:

Hello Mr. Morgan: We received a sundry requesting this permit to be extended.

Please send a letter or reply to this email with:

1) The length of time you need as an extension

2) Reasons the well has not been commenced injection within one year of the order and prospects for resolution of those reasons.

3) Whether the Area of Review has changed - new wells drilled or if any ownership changed that may require new notice.

I have the extension drafted, but will modify with your information, and include your info in the order file.

Thank You,

William V. Jones PE New Mexico Oil Conservation Division 1220 South St. Francis Santa Fe, NM 87505 505-476-3448
