Mr. Richard Stamets
New Mexico Oil Conservation Division
Post Office Box 2088
Santa Fe, New Mexico 87501

330 Aou ded. E/L Sedim 19.

Dear Mr. Stamets:

This is a request for administrative approval for an unorthodox gas well location in the $\overline{\text{Basin Dakota Pool}}$.

It is intended to locate the El Paso Natural Gas Company's San Juan 29-7 Unit #127 at 1220' from the North line and 1900' from the East line of Section 19, T-29-N, R-7-W, Rio Arriba County, New Mexico.

Extremely rough terrain in the form of steep cliffs and an existing gas well and pipeline in the northeast corner of this section makes it impossible to build an orthodox gas well location.

El Paso Natural Gas Company operates all proration units offsetting the proposed unorthodox location.

Plats showing the proposed well location and the terrain in Section 19, along with an ownership plat, are attached.

Sincerely yours,

G. W. Brink

Project Drilling Engineer

enc1.
