Describe Cause of Problem and Remedial Action Taken.*

On Sunday September 9, 2007 / 0800 hrs / at the ConocoPhillips Lea Battery #5, located 10 miles west of the Buckeye Production Office, a fire on a vent line was reported to COPC personnel. There had been strong storms in the area and the vent line was ignited by lightning.

Describe Area Affected and Cleanup Action Taken.*

A COPC employee was notified by third party of the fire. The COPC employee called the Maljamar Volunteer Fire Department and other COPC employees. No equipment, pasture or any other properties were damaged. The Maljamar Volunteer Fire Department arrived at 1015 hrs and extinguished the flame.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
