Dear Mr. Stamets:

This is a request for administrative approval for an unorthodox gas well location in the Basin Dakota Pool.

It is intended to locate the El Paso Natural Gas Company's Vaughn #15E at 940' from the South line and 650' from the East line of Section 28, T-26-N, R-6-W, Rio Arriba County, New Mexico.

Extremely rough terrain in the form of massive cliffs and the existence of Tapacito Wash makes it impossible to build an orthodox location in the southeast corner of Section 28.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a Waiver of Objection, and return one copy to this office.

Plats showing the proposed well location and the terrain in Section 28, along with an ownership plat, are attached.

Sincerely yours,

G. W. Brink
