Gentlemen:

Attached in duplicate (to each office) are a well location plat (C-102) with an ownership plat for the above referenced well.

Due to steep topography, cliffs and a pipeline to the south, this location does not meet state spacing requirements. This is the only geologic and topographic site acceptable.

Pursuant to the authority of Rule 104-F, we respectfully request your approval of an exemption to the standard well location requirements. A copy of the application is being sent by certified mail to the offset lease holders.

Very truly yours,

TENNECO OIL COMPANY
