Application For Unorthodox Location:

Johnston Federal # 11 J  
Blanco Pictured Cliffs  
1250' FNL & 810' FWL  
Section 7, T31N, R9W  
San Juan County, New Mexico

The original map included in our application placed a Koch Exploration well in the NWNW Sec. 13, T31N, R9W and another well in SESE Sec. 13, T31N, R9W, which Koch has pointed out were in error.

The corrections have been made on the attached map deleting the NWNW well and moving the SESE well to its proper location in the SWSE. We made these necessary corrections at the request of Koch, based on their information.

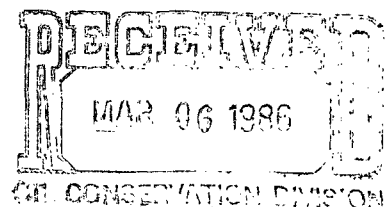

Sincerely,

L.R. La Follette  
Regulatory Analyst
