2. A treatment zone not to exceed three (3) feet beneath the landfarm native ground surface must be monitored. A minimum of one random soil sample must be taken from each individual cell, with no cell being larger than five (5) acres, six (6) months after the first contaminated soils are received in the cell and then quarterly thereafter. The sample must be taken at two (2) to three (3) feet below the native ground surface.
3. The soil samples must be analyzed using EPA-approved methods for total petroleum hydrocarbons (TPH) and volatile aromatic organics (BTEX) quarterly and for major cations/anions and Water Quality Control Commission (WQCC) metals annually.
4. After soil samples are obtained, the boreholes must be filled with an impermeable material such as cement or bentonite.

### GROUND WATER MONITORING

1. Ground water monitoring of the following monitoring wells must be performed quarterly and records of the date, inspector and status of the monitor well must be maintained. Annual reports must be furnished to the OCD Santa Fe and Hobbs offices in database form and must include a graphical plot showing water level and chloride trends in each well for all preceding quarters.

2. Ground water monitoring at Baker Spring located in Section 28, Township 21 South, Range 38 East NMPM, Lea County, New Mexico must be performed on the same quarterly schedule as at the monitoring wells. Records of the date, inspector, spring flow rate and chloride level must be maintained. Annual reports must be furnished to the OCD Santa Fe and Hobbs offices in database form and must include a graphical plot showing flow rate and chloride trends at Baker Spring.

New Mexico Oil Conservation Division  
1220 S. St. Francis Dr.  
Santa Fe, NM 87505

Attn: Martyne Kieling

Ref: 2001 Monitor Well Report

Dear Martyne;

Attached is a revised report on monitor wells #79, 42 and 39. These chloride levels were extremely high as compared to the first 3 quarters so we had them retested. A mistake must have happened when testing the first samples, as you can see the second test is within the average for the year. Please replace these results in our 2001 Monitor Well Report.

Thank you for your continued help. If you have any further questions, please feel free to call my office at 505-394-2511.

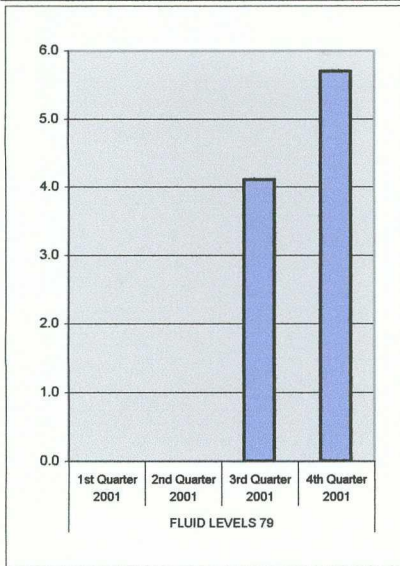

Sincerely,

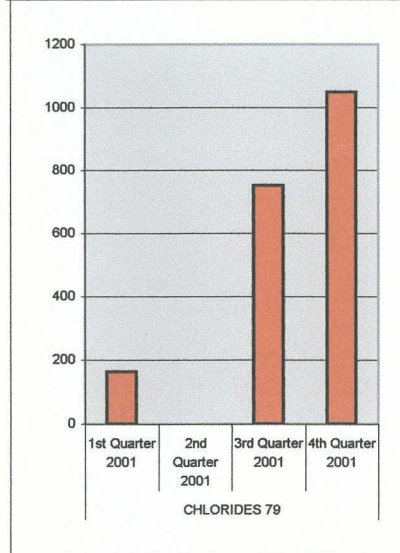

Donna Roach  
President

PLEASE NOTE: **Liability and Damages.** Cardinal's liability and client's exclusive remedy for any claim arising, whether based in contract or tort, shall be limited to the amount paid by client for analyses. All claims, including those for negligence and any other cause whatsoever shall be deemed waived unless made in writing and received by Cardinal within thirty (30) days after completion of the applicable service. In no event shall Cardinal be liable for incidental or consequential damages, including, without limitation, business interruptions, loss of use, or loss of profits incurred by client, its subsidiaries, affiliates or successors arising out of or related to the performance of services hereunder by Cardinal, regardless of whether such claim is based upon any of the above-stated reasons or otherwise.

Attn: Martyne Keiling

Martyne;

Here is our Monitor Well Report for the year 2000. I apologize for it being late, but we had to reconstruct our spreadsheet. As you may notice our wells around Pit 7 have remained dry for the whole year. We hope this is satisfactory for you to look over a closure plan on Pits 7 & 8. We will be forwarding a closure plan within the next few weeks. If you have any further questions, please feel free to call me at my office at 505-394-2511. Thank you, for your time and hope to have some new info to you soon.

Sincerely,

Donna Roach  
President

PLEASE NOTE: Liability and Damages. Cardinal's liability and client's exclusive remedy for any claim arising, whether based in contract or tort, shall be limited to the amount paid by client for analyses. All claims, including those for negligence and any other cause whatsoever shall be deemed waived unless made in writing and received by Cardinal within thirty (30) days after completion of the applicable service. In no event shall Cardinal be liable for incidental or consequential damages, including, without limitation, business interruptions, loss of use, or loss of profits incurred by client, its subsidiaries, affiliates or successors arising out of or related to the performance of services hereunder by Cardinal, regardless of whether such claim is based upon any of the above-stated reasons or otherwise.
