Houston, TX 77001

Amoco Production Company, as operator of the South Hobbs (GSA) Unit, hereby notifies you that we have applied to the NMOCD for administrative approval to directionally drill the subject wells at the attached surface and bottomhole locations. The list also shows any unorthodox locations.

If you have no objections to the directional drilling of these wells, please sign below and forward one copy to the NMOCD in Santa Fe, one copy to the NMOCD in Hobbs, one copy to this office, and retain a copy for your file. Addressed, stamped envelopes have been provided for your convenience.

If there are any questions concerning this application, please contact Steve Brownlee at (505) 393-1781, Extension 2257.

RE: Administrative Order NSL-2341 (DD)

Dear Mr. Krupka:

Due to clerical error and inadvertance the bottom-hole location authorized in the subject order for the South Hobbs Grayburg San Andres Unit Well No. 222 was incorrect, and should therefore be changed as follows:

1425' FSL 7 590' FWL (Unit L)
Section 34, T-18-S, R-38-E, NMPM.

I apologize for any inconvenience this oversight has caused. If you should have any questions concerning this matter, please contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read "Michael E. Stogner".
