Dear Ms. Batley:

Reference is made to your application of May 15, 1989 for a non-standard gas well location for your Wichita State Well No. 1 to be located 1514 feet from the South line and 1068 from the West line (Unit L) of Section 16, Township 23 South, Range 25 East, NMPM, to test the Morrow formation, Eddy County, New Mexico. The S/2 of said Section 16 shall be dedicated to the well forming a standard 320-acre gas spacing and proration unit.

By the authority granted me under the provisions of General Rule 104 F(I), the above-described unorthodox gas well location is hereby approved.

Sincerely,
