Chevron USA, Inc.  
P.O. Box 670  
Hobbs, NM 88240

Attention: W.A. Bohling

Administrative Order NSL-2721 (SD)

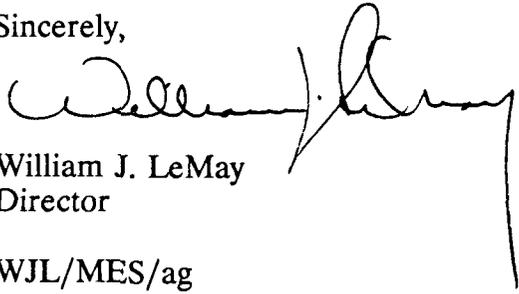

Dear Mr. Bohling:

Reference is made to your application of October 23, 1989 for a non-standard gas well location for your W.A. Ramsey (NCT-A) Well No. 24 located 1920 feet from the North line and 660 feet from the East line (Unit H) of Section 34, Township 21 South, Range 36 East, NMPM, Eumont Gas Pool, Lea County, New Mexico. Said well to be simultaneously dedicated, with the W.A. Ramsey (NCT-A) Well No. 14 located 1980 feet from the North and West lines (Unit F) of said Section 34, to the previously approved 480-acre non-standard gas spacing and proration unit (Division Order No. R-596, dated February 28, 1955) comprising the N/2 and SE/4 of said Section 34.

By the authority granted me under the provisions of Rule 2(c) of the Special Rules and Regulations for the Eumont Gas Pool, as promulgated by Division Order No. R-8170, as amended, the above-described unorthodox gas well location is hereby approved.

Further, you are hereby permitted to produce the allowable from both of the aforementioned wells on the proration unit in any proportion.

Sincerely,

  
William J. LeMay  
Director
