Each of these wells shall be equipped with a gas allocation meter that will continuously meter gas production prior to commingling and these measurements shall be used to allocate production from the CDP to the wells. If oil production exists, it shall be allocated based on well tests.

It is the responsibility of the producer to notify the transporter of this commingling authority.

The operator shall notify the Aztec district office of the Division upon commencement of commingling operations.

Done, at Santa Fe, New Mexico on this 16th day of November, 2007.

MARK E. FESMIRE, P.E.,  
Division Director
