Sec. 27(M), T-26-S, R-29-E
Eddy County, New Mexico

Dear Ms. Malik:

Please find attached OCD forms C-101 and C-102 for the above well. Please note that the well is 100' outside a standard location for the spacing unit. The location was moved at the direction of the Bureau of Land Management. As shown on the attached topographic map, the proposed well is adjacent to the Red Bluff Reservoir and lies within a Class II Visual Resource Management Area (VRM).

Mr. Barry Hunt and Mr. Jim Goodbar of the BLM were present at the staking of the location and required that we move the location 100' to the east away from natural drainages that incise the bluff above the lake.

Since Meridian is an offset operator to the spacing unit, G.P. II Energy, Inc. respectfully requests that Meridian waive any objection to the above location by executing below.

Sincerely,

George P. Mitchell

I understand the above request and waive any objection to the proposed location of the above captioned well.

AGREED AND ACCEPTED

This 10th day of June 1991
