Attention: Michael J. Newport

*Amended*  
*Administrative Order NSL-3022*

Dear Mr. Newport:

Reference is made to your letters dated July 17 and July 30, 1991 requesting to amend the location of the Lovington Paddock Unit Well No. 102, which was approved by Division Administrative Order NSL-3022, dated June 27, 1991, to be drilled 290 feet from the North line and 2755 feet from the West line (Unit C) of Section 36, Township 16 South, Range 36 East, NMPM, Lovington Paddock Pool, Lovington Paddock Waterflood Project Area, Lea County, New Mexico..

It is our understanding that the original well location was inadvertently placed in Greenhill's pipe yard where it would interfere with truck refueling operations.

Division Administrative Order NSL-3022 is hereby amended to show a new well location for the Lovington Paddock Unit Well No. 102 to be "290 feet from the North line and 2525 feet from the East line (Unit B) of said Section 36, said well to be dedicated to the 40-acre tract comprising the NW/4 NE/4 of said Section 36," all other provisions of said Order NSL-3022 shall remain in full force and effect until further notice.

Sincerely,

A handwritten signature in dark ink, appearing to read 'William J. Lemay', with a long, sweeping line extending from the bottom of the signature.

WILLIAM J. LEMAY  
Director
