RECEIVED

\*93 OCT 8 AM 9 35

N.M.O.C.D. P.O. Box 2088 Santa Fe, N.M. 87504-2088 Attn. Mr. Stogner

(30-015-27483)

Mr. Stogner,

This letter is intended to serve as an application for administrative approval of an additional unorthodox drilling location on our East Millman lease. The location requested will be the East Millman #215 (amended). The East Millman #215 was originally permitted as a standard location. A survey plat and O.C.D. form C-101 on the amended location accompany this letter. A lease map detailing the project is also enclosed. As discussed in our original applications, the purpose of this location is to convert the existing waterflood project on our East Millman from an 80 acre 5 spot pattern to a 40 acre 5 spot pattern. This reduced spacing will result in the recovery of additional reserves that will other wise be lost. No offset operators are affected by the proposed unorthodox location. Thanks for your prompt attention.

Sincerely,

Chuck Morgan, P.E.
