San Juan County, New Mexico  
Otera-Chacra, Mancos, and Dakota Formations

Dear Mr. Catanach:

XTO Energy Inc. hereby requests administrative approval for an unorthodox location for the above referenced well. Attached for your reference are the following exhibits:

1. Well location plat (NMOCD Form C-102)
2. Topographic map
3. Aerial photograph
4. Ownership map
5. Production map showing Otera-Chacra, Mancos, and Dakota Gas Production

The above referenced well is proposed to be drilled to test the Otera-Chacra Formation, spaced as a 160 acre NW/4 unit, test the Mancos Formation, spaced as a 160 acre NW/4 unit, and further develop the Dakota Formation, spaced as a 320 acre N/2 unit. The proposed location will be located on a new well pad. This location has been chosen due to the difficulties pertaining to the surrounding topography and the proximity of the San Juan River as depicted on the enclosed aerial photo which prevents XTO from constructing and accessing a standard location.

All of the offset operators and working interest owners in each of the target formations have been notified of this application by certified mail and copies of the letters and receipts are attached.

XTO Energy Inc. requests your administrative approval for the unorthodox location based on the above information. Should you need any additional information, please contact me at (817) 885-3064.

Yours truly,
