Evergreen Operating Corporation
Chicosa 36 #1
1174' FNL 790' FWL Sec. 36 - T 31 N - R 4 W
Lease No. NM-59695
Basin Fruitland Coal Gas Pool
Rio Arriba County, New Mexico

Gentlemen:

We, on behalf of Evergreen Operating Corporation, hereby make application for the approval of the location of the Chicosa 36 #1 well to be located 1174' FNL 790' FWL of Section 36 Township 31 North, Range 4 West, Basin Fruitland Coal Gas Pool, Rio Arriba County, New Mexico.

The reason for the non-standard location is because of topography and wildlife habitat restrictions set by the U.S. Forest Service.

We believe that directional drilling should not be required because a beam pump and rods may be required to lift water from the wellbore to sustain production.

The attached exhibits show the situation at the location and surrounding area.

It is our belief that the information contained in this application is true and correct according to the information available to us.

All offset operators and lease owners are being notified by certified mail at this mailing. The Return Receipt Cards will be provided when they have been returned to us.

If further information is needed, please contact us.

Yours very truly,

A. R. Kendrick

Rio Arriba County, New Mexico

During our On-Site Inspection, we found the following to exist:

- The terrain in the area is severe.
- The location is within the Carson National Forest.
- The location was staked according to the instructions we received earlier from the US Forest Service with respect to avoiding unnecessary road construction, excessive cuts and fills, excessive timber removal, and other ecological damage.
- The location meets the guidelines set by the Forest Service.

Gentlemen:

We, on behalf of Evergreen Operating Corporation, hereby make application for the approval of the location of the Chicosa 35 #1 well to be located 300' FNL 1331' FWL of Section 35 Township 31 North, Range 4 West, Basin Fruitland Coal Gas Pool, Rio Arriba County, New Mexico.

The well will utilize an existing well pad and access road and avoid further damage to the environment.

The reason for the non-standard location is because of topography and lease restrictions set by the U.S. Forest Service to avoid further damage to the environment and wildlife habitat.

We believe that directional drilling should not be required because a beam pump and rods may be required to lift water from the wellbore to sustain production.

The attached exhibits show the situation at the location and surrounding area.

It is our belief that the information contained in this application is true and correct according to the information available to us.

All offset operators and lease owners are being notified by certified mail at this mailing. The Return Receipt Cards will be provided when they have been returned to us.

Re: Application for Non-Standard Location
Evergreen Operating Corporation
Chicosa 35 #1
300' FNL 1331' FWL, Section 35, T31N, R4W

Dear Mr. Stogner:

We measured, by tape, 50 feet from the dry hole marker of the Resources Investment Corporation Rio Federal #1-35 to set the location stake for the Chicosa 35 #1 well.

We elected to not assume the liability of the location of the Rio Federal #1-35; so, we surveyed to the northwest corner of Section 35 and to a known corner in Section 26 to determine the location of the Chicosa 35 #1.

Based upon our field measurements and the position on the USGS Bixler Ranch Quadrangle, we believe we have properly identified the location of the Chicosa 35 #1.

Enclosed are copies of Forms C-102 and C-105 from the file of the Rio Federal #1-35 well which were obtained from the Aztec office of the OCD..

If further information is needed, please contact us.

Yours very truly,

A. R. Kendrick

ALL IN RIO ARRIBA COUNTY, NEW MEXICO**

Dear Mr. Stogner:

Meridian Oil Inc. and Southland Royalty Company, as offset Operators, hereby waive objection to the Chicosa 36 #1 and #2 unorthodox well locations. Executed copies of Evergreen's waiver letters are attached for your records.

Meridian is currently working with Mr. Al Kendrick to ascertain if any other orthodox well locations are possible regarding the Chicosa 35 #1 well. We request that the Division delay approval of the 35 #1 unorthodox location until other possible locations can be evaluated. Mr. Kendrick and Meridian believe this process will require an additional two weeks. Please call me at (505) 326-9760 if you have additional questions concerning this matter.

Yours very truly,

Linda Donohue
