Subject: RE: Rice Operating Company, EME A-2 Leak Site, Lea County, New Mexico

Approved!

Please be advised that NMOCD approval of this plan does not relieve the owner/operator of responsibility should operations fail to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Mr. Wayne Price
NMOCD
Santa Fe

Wayne:

About 8 days ago, I submitted an Investigation and Characterization Plan (ICP) by email for the Rice Operating Company, EME A-2 Leak Site, Lea County, New Mexico. A hard copy including appendices and CD was also forwarded. I know that you probably have not had a chance to review this site, but I was trying to line up some drilling for possibly late next week and I wanted to see if I could get the drilling approved for this site, while we are out there in the area. Let me know, if you get a chance. Thanks for your help.

Thank you,

Tim Reed, P.G.

We cannot find an OCD case # in our Sanra Fe Files. Is this a District issue?
