**Subject:** RE: Plains Junction 34 to Lea Release Site (1R-0386)

Dear Ms. Reynolds:

The New Mexico Oil Conservation Division (OCD) has reviewed the soil remediation work plan for the above referenced site. The OCD hereby approves the work plan for the above referenced site. Please submit a soil remediation report within 60 days of completion of the work plan.

Also, please be advised that OCD approval does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please call me at 505-476-3489.

Edward J. Hansen  
Hydrologist  
Environmental Bureau

Subject: Plains Junction 34 to Lea Release Site

Ed,

Pursuant to our conversation Plains respectfully requests approval to conduct soil remediation activities at the Junction 34 to Lea release site. Nova Safety and Environmental on behalf of Plains submitted an Addendum to the Junction 34 to Lea Soil Closure Proposal dated February 6, 2008 NMOCD Ref# 1R-0386 which details soil remediation activities to be conducted at the site. At this time Plains is requesting NMOCD approval to conduct soil activities at the site.

Please contact me with any questions or comments.

Sincerely,

Camille Reynolds  
Remediation Coordinator  
Plains All American
