Subject: RE: Final closure Plains South Mattix site (1R-0091)

Dear Ms. Reynolds:

The New Mexico Oil Conservation Division (OCD) has reviewed your request for final closure of the above referenced site. The OCD hereby approves the closure of the above referenced site. Also, the OCD hereby approves the plan to plug and abandon the groundwater monitoring well at the site. Please submit a well plugging report within 30 days once the well has been plugged and abandoned.

Also, please be advised that OCD approval does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please call me at 505-476-3489.

Edward J. Hansen
Hydrologist
Environmental Bureau

Subject: Final closure Plains South Mattix site

Ed,

Pursuant to our conversation Plains respectfully requests final closure of the South Mattix release site. EPI on behalf of Plains submitted the 2006 Annual Monitoring and Soil Closure Report dated April 2007 NMOCD Ref# 1R-0091 which details remedial activities conducted for soil and groundwater closure of the site. At this time Plains is requesting final closure of the site and NMOCD approval to plug and abandon the 1 monitor well on-site.

Please contact me with any questions or comments.

Sincerely,

Camille Reynolds
Remediation Coordinator
Plains All American
