Ed,

Pursuant to our conversation Plains respectfully requests approval to conduct site investigation activities at the Bob Durham release site. Nova Safety and Environmental on behalf of Plains submitted a Soil Investigation Work Plan dated February 2008 NMOCD Ref# AP-0016 which details soil investigation activities to be conducted at the site. At this time Plains is requesting NMOCD approval to conduct soil investigation activities at the site. Groundwater monitoring and PSH recovery is on-going.

Please contact me with any questions or comments.

Sincerely,

Camille Reynolds
