Ed,

Pursuant to our conversation Plains respectfully requests final closure of the Clay Osborn Jalmat #1 release site. SDG on behalf of Plains submitted the Site Closure Report dated July 2007 NMOCD Ref# 1R-412 which details remedial activities conducted for soil closure at the site. The soil remediation activities were conducted in accordance with the NMOCD approved General Remediation Work Plan (dated April 2006) and the Site-Specific Remediation Work Plan (dated July 2006). At this time Plains is requesting final closure of the site.

Please contact me with any questions or comments.

Sincerely,

Camille Reynolds
Remediation Coordinator
