Re: Application for Administrative Approval of Unorthodox Location
XTO Energy Inc.'s Sanchez B No. 1F
830' FNL and 1,505' FEL, Section 28, T29N, R10W
San Juan County, New Mexico
Armenta-Gallup Formation

Dear Mr. Stogner:

XTO Energy Inc. hereby requests administrative approval for an unorthodox location for the above referenced well. Attached for your reference are the following exhibits:

1. Well location plat (NMOCD Form C-102)
2. Topographic map
3. Ownership map
4. Production map showing Gallup Formation Production

The above referenced well is proposed to be drilled to target the Blanco-Mesaverde, Basin Dakota and Armenta-Gallup Formations. XTO Plans to apply for downhole commingling of production from the three target formations. The well is located at an unorthodox location for the Armenta-Gallup Formation. The location has been chosen due to the proximity of two high pressure gas pipelines to the west of the proposed well. XTO contacted El Paso and Williams prior to staking our proposed location, and were advised of the need to maintain a safe distance from the two pipelines.

Correlative rights are common between the NW/4 NE/4 and NE/4 NE/4 40 acre Armenta-Gallup units, in which XTO owns all operating rights. Accordingly, no owner notice is required in connection with this application.

XTO Energy Inc. requests your administrative approval for the unorthodox location based on the above information. Should you need any additional information, please contact me at (817) 885-2540.

Yours truly,

Christopher Spencer, CPL
Senior Landman
