NATURE OF RELEASE

Type of Release	Oil/Water	Volume of Release	Unknown	Volume Recovered	Obbls
Source of Release	Busted Flowline	Occurrence:	3/27/08	Discovery:	3/27/08
Was Immediate Notice Given?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom?	Larry Johnson		
By Whom?	3/31/08 8:30 am				
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.			

RECEIVED

APR 08 2008

HOBBS OCD

If a Watercourse was Impacted, Describe Fully.*

Describe Cause of Problem and Remedial Action Taken.*

20 Gallons of fluid surfaced above buried flowline at 4'. During clean up, the contractor found that the contaminates had reached 16'. Due to impact of what was dug out it is determined that the flowline had been leaking for some time.

Describe Area Affected and Cleanup Action Taken.*

Contaminates have been hauled to Sundance Services. At this leak site, we are having to deal with Targa gas lines and water lines that feed the plant, along with an injection line and five flowlines that belong to Apache. Due to this being such a safety risk, Apache has decided to have a drilling rig do a borehole with 5' testing and to also prove depth to ground water. Once determined Apache will submit a work plan for the remediation process.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
