**NATURE OF RELEASE**

Type of Release: Condensate	Volume of Release: 505+ bbls	Volume Recovered: 505
Source of Release: Storage tank valve froze and failed	Date and Hour of Occurrence 1/4/08 AM	Date and Hour of Discovery 1/4/08 Approx. 8:30 AM
Was Immediate Notice Given? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? Brandon Powell / NMOCD - Aztec District Office	
By Whom? Don Fernald	Date and Hour: 1/4/08 -11:00 AM	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse. N/A	
If a Watercourse was Impacted, Describe Fully.* N/A		

**Describe Cause of Problem and Remedial Action Taken.\***

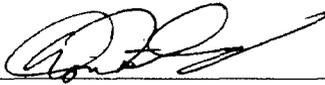

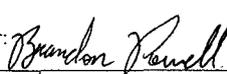

A valve at the based of a condensate storage tank froze during cold conditions which caused it to fail releasing condensate into two, 120 bbl sub-grade drain tanks. These tanks overflowed releasing approximately 505+ bbls of condensate into an unlined earth/gravel secondary containment. Several vac trucks were dispatched to remove liquids from the containment.

**Describe Area Affected and Cleanup Action Taken.\***

The area within the earthen/gravel berm was impacted (30'x30'). An investigation will be conducted within the containment to determine the vertical extent of hydrocarbon impacts to subsurface soils.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
