Attention: Mr. Michael Stogner

Gentlemen:

Phillips Petroleum Company requests administrative approval for an unorthodox location for the East Vacuum Gb/SA Unit, Tract 2801, Well Number 018, in the Vacuum Gb/SA Pool. This well is located 300' FWL and 1750' FSL of Section 28, T-17-S, R-35-E, Lea County, New Mexico. The well is too close to the quarter-quarter section line, due to an existing gas power line.

Please find attached plat showing Phillips as its own offset operator, because well is located in the central portion of the Unit.

Please direct any questions regarding this request to L. M. Sanders (915) 368-1488.

Sincerely,

L. M. Sanders
