Texaco Exploration and Production, Inc.  
P. O. Box 3109  
Midland, TX 79702

Attention: C. W. Howard

**Amended**  
***Administrative Order NSL-3451***

Dear Mr. Howard:

Reference is made to your letter dated March 2, 1995 requested to amend the location of of the Central Vacuum Unit Well No. 200 (API No. 30-025-32805), which was approved in part by Division Order NSL-3451, dated January 4, 1995. Said well was to have been drilled 1301 feet from the North line and 1875 feet from the West line (Unit C) of Section 6, Township 18 South, Range 35 East, NMPM, Vacuum Grayburg-San Andres Pool, Central Vacuum Unit Area, Lea County, New Mexico.

It is our understanding that this change is necessary to avoid a buried gas line.

Said Division Order NSL-3451 is hereby amended to reflect the footage location for the Central Vacuum Unit Well No. 200 to be "1236 feet from the North line and 1875 feet from the West Line (Unit C) of Section 6."

All other provisions of said Order NSL-3451 shall remain in full force and effect until further notice.

Sincerely,

William J. LeMay  
Director
