Attention: Jim Benson

*Administrative Order NSL-3484*

Dear Mr. Benson:

Reference is made to your application dated January 16, 1995 for a non-standard South Blanco Tocito oil well location for your proposed Rincon Unit Well No. 11E to be drilled 2080 feet from the South line and 2410 feet from the East line (Unit J) of Section 6, Township 26 North, Range 6 West, NMPM, South Blanco Tocito Oil Pool, Rio Arriba County, New Mexico.

It is our understanding that this well is to be dually completed in both the South Blanco Tocito Oil Pool and the Basin-Dakota Pool. Further, the location of said well is considered standard pursuant to the Special Rules and Regulations for the Basin-Dakota Pool, but is considered unorthodox per Rule 3 of the Special Rules and Regulations for the South Blanco Tocito Oil Pool, as promulgated by Division Order No. R-1191.

By the authority granted me under the provision of said Special Rules and Regulations for the South Blanco Tocito Oil Pool, and Division Memorandum 4-86 dated June 2, 1986, the above-described unorthodox oil well location is hereby approved. Further, the N/2 SE/4 of said Section 6 shall be dedicated to said well forming a standard 80-acre oil spacing and proration unit for said pool.
