**Amended Administrative Order NSL-3495**

Dear Mr. Hughes:

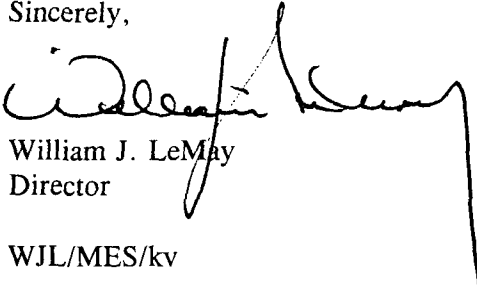

Reference is made to your letters dated May 2, May 25, July 12, and August 20, 1995 requesting to amend the location of the Maljamar Grayburg Unit well No. 86, which was approved in part by Division Administrative Order NSL-3495, dated March 8, 1995. Said well was to have been drilled 2537 feet from the North line and 2477 feet from the East line (Unit G) of Section 4, Township 17 South, Range 32 East, NMPM, Maljamar-Grayburg-San Andres Pool, Maljamar-Grayburg Unit Waterflood Project Area, Lea County, New Mexico.

It is our understanding that this change is necessary to avoid an overhead power line and a small garbage dump containing artifacts of historic significance.

Said Division Order NSL-3495 is hereby amended to reflect the footage location for the Maljamar Grayburg Unit Well No. 86 to be "2537 feet from the North line and 2603 feet from the West line (Unit F) of Section 4."

All other provisions of said Order NSL-3495 shall remain in full force and effect until further notice.

Sincerely,

William J. LeMay  
Director
