Dear Mr. Jones,

As required by Condition 9 of Permit HBP-NM-007, Public Service Company of New Mexico hereby submits a report summarizing all tests of new pipe with less than 25,000 gallons each. The reporting period is from March 19, 2007 through March 18, 2008. Please note that PNM did not submit prenotification for all the tests listed on the report. We have emphasized to our permit users the need to prenotify and hope to improve on meeting this new permit condition in 2008.

Please call me at (505) 241-0665 if you have any questions.

Sincerely,
