Application for Unorthodox Location Drilling Permit

Quincy AMP St. #13 - 2200' San Andres Test

Township 8 South, Range 27 East Section 12: 990' FSL and 1550' FWL Chaves County, New Mexico

Dear Mr. Stogner:

Yates Petroleum Corporation attempted to permit the captioned well 990' FSL and 1650' FWL of Section 12, Township 8 South-Range 27 East, Chaves County, New Mexico. However, this location fell within the Santa Fe Railroad Right-of-Way and we are forced to move 100' west to a new location of 1550' FWL and 990' FSL.

We have obtained Waivers from all the offset leasehold operators and submit herewith those Waivers and also enclose a leasehold ownership map and a topo map for your reference. As you can also see, Yates is currently infill drilling the Quincy San Andres lease with four wells per 40 acres.

We respectfully request that you grant administrative approval for the drilling of the Quincy AMP St. #13.

Thank you.

Very truly yours,

YATES PETROLEUM CORPORATION
