*Administrative Order NSL-3559*

Dear Mr. Bayless:

Reference is made to your application dated July 13, 1995 for a non-standard gas well location for your proposed Northridge Well No. 2 to be drilled 2137 feet from the North line and 1067 feet from the West line (Unit E) of Section 3, Township 29 North, Range 13 West, NMPM, to test the Undesignated Fulcher Kutz-Pictured Cliffs Pool, San Juan County, New Mexico. Lots 1 and 2 and the S/2 NW/4 (NW/4 equivalent) of said Section 3 shall be dedicated to the well forming a standard 160.57-acre gas spacing and proration unit.

By the authority granted me under the provisions of Division General Rule 104.F(1), the above-described unorthodox gas well location is hereby approved.

Sincerely,

A handwritten signature in black ink, appearing to read "William J. LeMay". The signature is fluid and cursive, with a long, sweeping line extending from the end of the name down towards the bottom right of the page.
