Dear Mr. LeMay,

This is a request on behalf of Williams Production Company for administrative approval for a non-standard gas location in the Blanco Mesa Verde pool for the referenced well.

The proposed spacing unit is the south half of Section 25, T31N, R5W, which is 272.32 acres due to a variation in the legal subdivision of the U.S. Public Land Surveys.

The location would have to be moved 60' south to conform with the spacing rules for the Mesa Verde pool. The area south of the proposed location contained concentrated archaeological sites and artifacts. CRMC has attached a map indicating the locations of these sites.

As the Unit Operator of the Rosa Unit, Williams Production is the only offset operator. Attached is a plat indicating the well location and proposed spacing unit.

Thank you for your consideration and approval of this application. If you have any questions please do not hesitate to call upon me.

Sincerely,

Paul C. Thompson, P.E.
