Whitewash Mesa Verde Oil Pool

Dear Mr. Stogner:

Dugan Production Corp. hereby requests approval for an unorthodox location for the referenced well. Copies of the well location plat (NMOCD Form C-102), topographic map, production map, and a map showing offsetting operators are attached for your reference.

The subject well was originally completed as a marginal producer in the White Wash Mancos/Dakota pool. To improve production from this wellbore, a retrievable bridge plug was set above the Gallup perforations, the Mesa Verde was perforated and tested.

The unorthodox location is necessary due to re-entry of a pre-existing White Wash Mancos/Dakota completion.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your office in Santa Fe with a Waiver of Objection.

Sincerely

Jim L. Jacobs Vice-President

KF/cq

attachs.
