Attention: Mr. Michael E. Stogner

Gentlemen:

An Exception to Rule 104 F. (2) by administrative approval, is requested for the captioned well. This well is located 1330' FSL & 1330' FWL, Unit Letter "K", of Section 20, T-22-S, R-38-E.

This well must be drilled in this location due to geological conditions. As seen on the attached map, this location is approximately equidistance to the offsetting 40 Acre producers. The proposed location will encounter laterally discontinuous reservoirs that can not be depleted from existing wellbores. If secondary recovery operations are needed in the future, the proposed location will allow the implementation of standard patterns.

There are no "affected offset operators" to this location. All interests in the applicable zones are common in all of the SW/4 of Section 20, T-22-s, R-38-E. Attached is Form C-102 for this well.

Yours very truly,

C. Wade Howard
