Oil Conservation Division
Attn: Mike Stogner
1220 South St. Francis Dr.
Santa Fe, NM 87505

Dear Mr. Stogner:

Mack Energy Corporation respectfully requests an administrative approval without notice and hearing of the following unorthodox well location.

Because of our desire to drill this well in a timely manner, we also request your approval be expedited. The well location and legal description is as follows:

*Slammin Sam State #2
460 FSL & 810 FEL
Sec. 9, T19S, R23E
Eddy County, New Mexico*

The well will be completed in the Morrow formation in the Hoag Tank Morrow Pool.

Attached to this application are the following exhibits.

- A.) Well location and acreage dedication plat (form C-102) filed with the Artesia office of the Oil Conservation Division (Exhibit A).*
- B.) A plat showing the proposed unorthodox locations, the respective proration units, and the offsetting proration units (Exhibit B).*

Mack Energy is proposing to re-enter this well formerly the Good Hope Unit #1 drilled and abandoned in 1964, now the Slammin Sam State #2. We will drill this well out to the original TD of 8122' and attempt to complete in the Morrow formation.

Also, please note that the proposed location is encroaching on the NE/4 NE/4, Section 16, T19S R23E, which is also owned by Mack Energy.

Thank you for your assistance in this matter. If you have any questions, please feel free to call.

Sincerely,

MACK ENERGY CORPORATION

Crissa D. Carter
