OIL CONSERVATION DIVISION 2040 South Pacheco Street Santa Fe, New Mexico 87505 (505) 827-7131

June 29, 1998

Burlington Resources Oil & Gas Company P. O. Box 4289 Farmington, New Mexico 87499-4289 Attention: Peggy Bradfield

Administrative Order NSL-4073

Dear Ms. Bradfield:

Reference is made to your application dated June 9, 1998 for an exception to the well location requirements provided within the "Special Rules and Regulations for the Blanco-Mesaverde Pool/Special Rules and Regulations for the Basin-Dakota Pool," as promulgated by Division Order No. R-10987, for Burlington Resources Oil & Gas Company's ("Burlington") proposed San Juan "30-6" Unit Well No. 27-A (API No. 30-039-25850) to be drilled at an unorthodox gas well location in both the Blanco-Mesaverde and Basin-Dakota Pools 795 feet from the South line and 1950 feet from the East line (Unit O) of Section 23, Township 30 North, Range 6 West, NMPM, Rio Arriba County, New Mexico.

Gas production from the Blanco-Mesaverde Pool is to be included in an existing standard 320-acre stand-up gas spacing and proration unit comprising the E/2 of Section 23, which is currently dedicated to Burlington's San Juan "30-6" Unit Well No. 27 (API No. 30-039-07806), located at a standard gas well location 1750 feet from the North line and 790 feet from the East line (Unit H) of Section 23.

The E/2 of Section 23, being a standard 320-acre gas spacing and proration unit for the Basin Dakota Pool, is also to be dedicated to the proposed San Juan "30-6" Unit Well No. 27-A.

The application has been duly filed under the provisions of Rules 104.F and 605.B of the Rules and Regulations of the New Mexico Oil Conservation Division ("Division").

By the authority granted me under the provisions of Division Rule 104.F(2), the above-described unorthodox Blanco-Mesaverde "infill" gas well location and Basin-Dakota gas well location for the San Juan "30-6" Unit Well No. 27-A is hereby approved. Both of the aforementioned San Juan "30-6" Unit Well Nos. 27 and 27-A and both spacing units will be subject to all existing rules, regulations, policies, and procedures applicable to prorated gas pools in Northwest, New Mexico.

Sincerely

Lori Wrotenbery

Director
