Dear Mr. Stone:

We have received your letter of January 21, 2009 requesting our approval to commingle the gas production from the above captioned federal and state leases in the Ross Draw area in Sections 9, 15, 16 and 17, Township 26 South, Range 30 East, Eddy County, New Mexico.

It is our understanding that the subject wells will be separately metered with calibrations performed periodically.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division and the Bureau of Land Management.

Our approval does not constitute the granting of any right-of-way or construction rights not granted by the lease instrument.

Please submit a \$30.00 dollar filing fee.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

PATRICK H. LYONS
