Ms. Wrotenbery:

Maralex Resources, Inc., is currently in the process of permitting the above-referenced location to drill. After extensive discussion and review with the surface owner, the above-referenced location was selected. Because the location is considered unorthodox, this letter is submitted to you in accordance with the rules and regulations set forth by the State of New Mexico, Oil Conservation Division. We therefore, are requesting administrative approval for the unorthodox location. Maralex Resources, Inc., is the division-designated operator of the adjoining spacing unit in Section 24, however, ownership is not common between the adjoining spacing unit and the spacing unit containing the proposed unorthodox well. Therefore, all working interest owners in the adjoining unit have been notified by certified mail (copies attached). A copy of the plat and well map are also attached.

Should you have any questions or require additional information, please feel free to contact me at 970/563-4000.
Thank you.

Sincerely,

MARALEX RESOURCES, INC.

13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Due to the surface owner's request, this sundry is submitted to inform the NMOCD of our intention to change the well location for the above pending Application for Permit to Drill (APD). The original submitted location was:

1715' FNL; 1100' FWL of Section 19-T30N-R11W, San Juan County, NM.

The new proposed location is:

1577' FNL; 411' FWL of Section 19-T30N-R11W, San Juan County, NM.

A copy of the surveyor's new Well Location and Acreage Dedication Plat (Form C-102) is attached.

All downhole information will stay the same as submitted on the original APD. Because the new location, however, is considered unorthodox, notification has been sent to the Director. A copy of the notification is attached.

A plugging bond is currently in the process of being obtained.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.

RE: Working Interest Owners Consent to Unorthodox Location
Maralex Resources, Inc., Operator
Cecil Cast 2A
1577' FNL; 411' FWL Section 19-T30N-R11W
San Juan County, NM

Mr. Weitz:

Maralex Resources, Inc. is proposing to drill a vertical wellbore on the above-referenced location to the Fruitland Coal formation. Maralex Resources, Inc. is the division-designated operator for the adjoining spacing unit in Section 24. The Blancett FC # 1 will be located 1815' FNL; 960' FEL of Section 24-T30N-12W and will also be drilled to the Fruitland Coal formation. You are a working interest owner under this well. As part of the approval process, we must receive your consent of the proposed Cecil Cast 2A unorthodox location. This location was requested by the surface owner to minimize impact on residences and cultivated fields. Your consent will in no way change the way you will be paid for the Blancett FC # 1 well.

I would greatly appreciate you providing your consent to this location by executing one copy of this letter and returning to me in the postage paid return envelope as quickly as possible so we can forward such to the New Mexico Oil Conservation Division.

If you have any questions, please feel free to contact me at 970/563-4000. Thank you in advance for your cooperation and prompt expediting of your consent.

Sincerely,

MARALEX RESOURCES, INC.

A.M. O'Hare
President

I hereby consent to the unorthodox location as proposed for the Cecil Cast # 2A Well.
