This Communitization having been approved by the Commissioner of Public Lands on March 13, 1956, is subject to like approval by the United States Geological Survey and the New Mexico Oil Conservation Commission.

We understand that this Communitization is dedicated to your gas well State D-164, which is located in the NW/4 SE/4 of Sec. 28-19S-37E. Would you verify this.

In our letter of November 28, 1955, we called your attention to the fact that we have not received a \$5.00 filing fee.
