Re: Application for 113.2-Acre
Non-Standard Gas Proration
Unit, Eumont Gas Pool,
Comprising Lots 1, 2 and 3
of Section 2, T-21-S,
R-35-E, Lea County, New
Mexico

Oil Conservation Commission
State of New Mexico
Santa Fe, New Mexico

Gentlemen:

Morris R. Antweil hereby makes application for approval
of a non-standard gas proration unit comprising Lots 1, 2 and 3
of Section 2, Township 21 South, Range 35 East, Lea County, New
Mexico, and in support thereof states the following facts:

- (1) Morris R. Antweil is owner and operator
of a 113.2-acre oil and gas lease known
as the L. W. White Lease, Lea County,
New Mexico, as shown on the attached
plat.
- (2) Morris R. Antweil proposes that the
above described acreage be established
as a non-standard 113.2-acre gas
proration unit in exception to Rule
5(a) of Order R-520.
- (3) The L. W. White Well No. 1, located
660 feet from the north and 660 feet
from the east lines of Section 2,
Township 21 South, Range 35 East, Lea
County, New Mexico, was completed in
the Eumont Gas Pool on December 24,
1955. The applicant proposes to use
this well as the Unit well.

*Yates
Gee*

- (4) The proposed non-standard gas proration unit will meet the requirements of Rule 5(b) of the Oil Conservation Commission Order No. R-520 as follows:
- (a) Contiguous quarter-quarter sections will comprise the unit.
 - (b) The proposed unit lies wholly within a single governmental section.
 - (c) All acreage within the proposed unit may reasonably be presumed productive of gas.
 - (d) The length or width of the proposed unit does not exceed 5280 feet.
 - (e) Morris R. Antweil is lessee and operator of the entire section of land as shown on the attached plat, and by copy of this letter of application, all operators within 1500 feet of the proposed unit well are notified by registered mail of the intent of Morris R. Antweil to form the proposed non-standard gas proration unit. (See attached affidavit.)

In view of the existence of the facts herein stated and compliance with the provisions of Rule 5(b) of the Oil Conservation Commission's Order No. R-520, Morris R. Antweil requests that the Secretary of the Commission approve the above described non-standard gas proration unit.

Respectfully submitted,

MORRIS R. ANTWEIL, Oil Operator

February 17, 1956

Mr. Warren Mankin
Oil Conservation Commission
Santa Fe, New Mexico

Dear Warren:

Thanks very much for your telephone call this morning calling our attention to the fact that Skelly Oil Company had not been properly notified of our application for a non-standard unit for our L. W. White No. 1 Well.

We have today notified Skelly by registered mail and are enclosing herewith an additional copy of our letter to you of February 15, which should complete your file on this matter. Inasmuch as Skelly was not listed on the other two copies of the letter, we will be glad to furnish you with additional copies showing such listing if you feel it is necessary.

Also enclosed is a carbon copy of a memorandum from our geologist, A. J. Davis, to me, which should answer your questions regarding the producing zone perforations of this well.

Thanking you very much for your courtesy in this matter,
I am

Yours very truly,

Bill

MEMO TO: W. R. Hollis
FROM : A. J Davis, Jr.

DATE : February 17, 1956
SUBJECT: L.W.White No. 1,
Lot 1, Sec. 2, T-21S,
R-35E, Lea Co., N.M.

In accordance with our conversation, the L. W. White No. 1 Well is producing from perforations opposite the Yates Formation from 3528-3556 feet. Top of the Yates was encountered at 3174 (\pm 398) and top of the Seven Rivers was encountered at 3652 feet (\pm 80).

These correlations correspond with the Amerada-L W. White No. 1, located in the SE/4 SE/4 of Sec. 34, T-20S, R-36E, Lea County, N M.
