Gentlemen:

Re: APPLICATION FOR 120-ACRE
NSP UNIT - LOCKHART A-27
NO. 8

We forward herewith application in triplicate for approval of a 120-acre non-standard gas proration unit in the Blinebry Gas Pool for our Lockhart A-27 Well No. 8 located in Unit D, Section 27, T21S, R37E, Lea County, New Mexico. This is a reduction in size from the presently approved standard unit which consists of NW/4 of said Section 27. The reduction is a result of the recent completion as a Blinebry oil well of our Lockhart A-27 No. 1 located in Unit C of Section 27.

Copies of this application are being forwarded this date by Registered Mail to the offset operators shown on the application.

Your further handling and approval of this application will be sincerely appreciated.

Yours very truly,

G. C. JAMIESON

Re: Continental Oil Company
application for a 120-acre
non-standard gas proration
unit for its Lockhart A-27
No. 8 in Section 27, T21S,
R37E, NMPM, Blinebry Gas
Pool, Lea County, New Mexico

Gentlemen:

Continental Oil Company respectfully requests administrative approval under the provisions of Rule 5 (C) of the Special Rules and Regulations for the Blinebry Gas Pool of Order No. R-1670 for the formation of a 120-acre non-standard gas proration unit consisting of the S/2 NW/4 and NW/4 NW/4, of Section 27, Township 21 South, Range 37 East, for its Lockhart A-27 No. 8 well located 810 feet from the north line and 660 feet from the west line of Section 27, Township 21 South, Range 37 East, Lea County, New Mexico, in the Blinebry Gas Pool.

In support of this request we should like to point out that the proposed unit conforms with the requirements of said Rule 5 (C) in all respects as follows:

1. Said proposed non-standard gas proration unit consists of contiguous quarter-quarter sections.
2. Said proposed non-standard gas proration unit lies wholly within a single governmental quarter-section.
3. The entire proposed non-standard gas proration unit may be reasonably presumed to be productive of gas.
4. The length or width of said unit does not exceed 2,640 feet.
5. Copies of this application have been furnished this date by registered mail to all operators within the same quarter-section and all operators within 1,500 feet of said well, as required by the provisions of said Rule 5 (C).

A plat is attached hereto showing to the best of our knowledge and belief the proposed unit, the location of the No. 8 well and other wells on the lease, offset wells and ownership thereof.

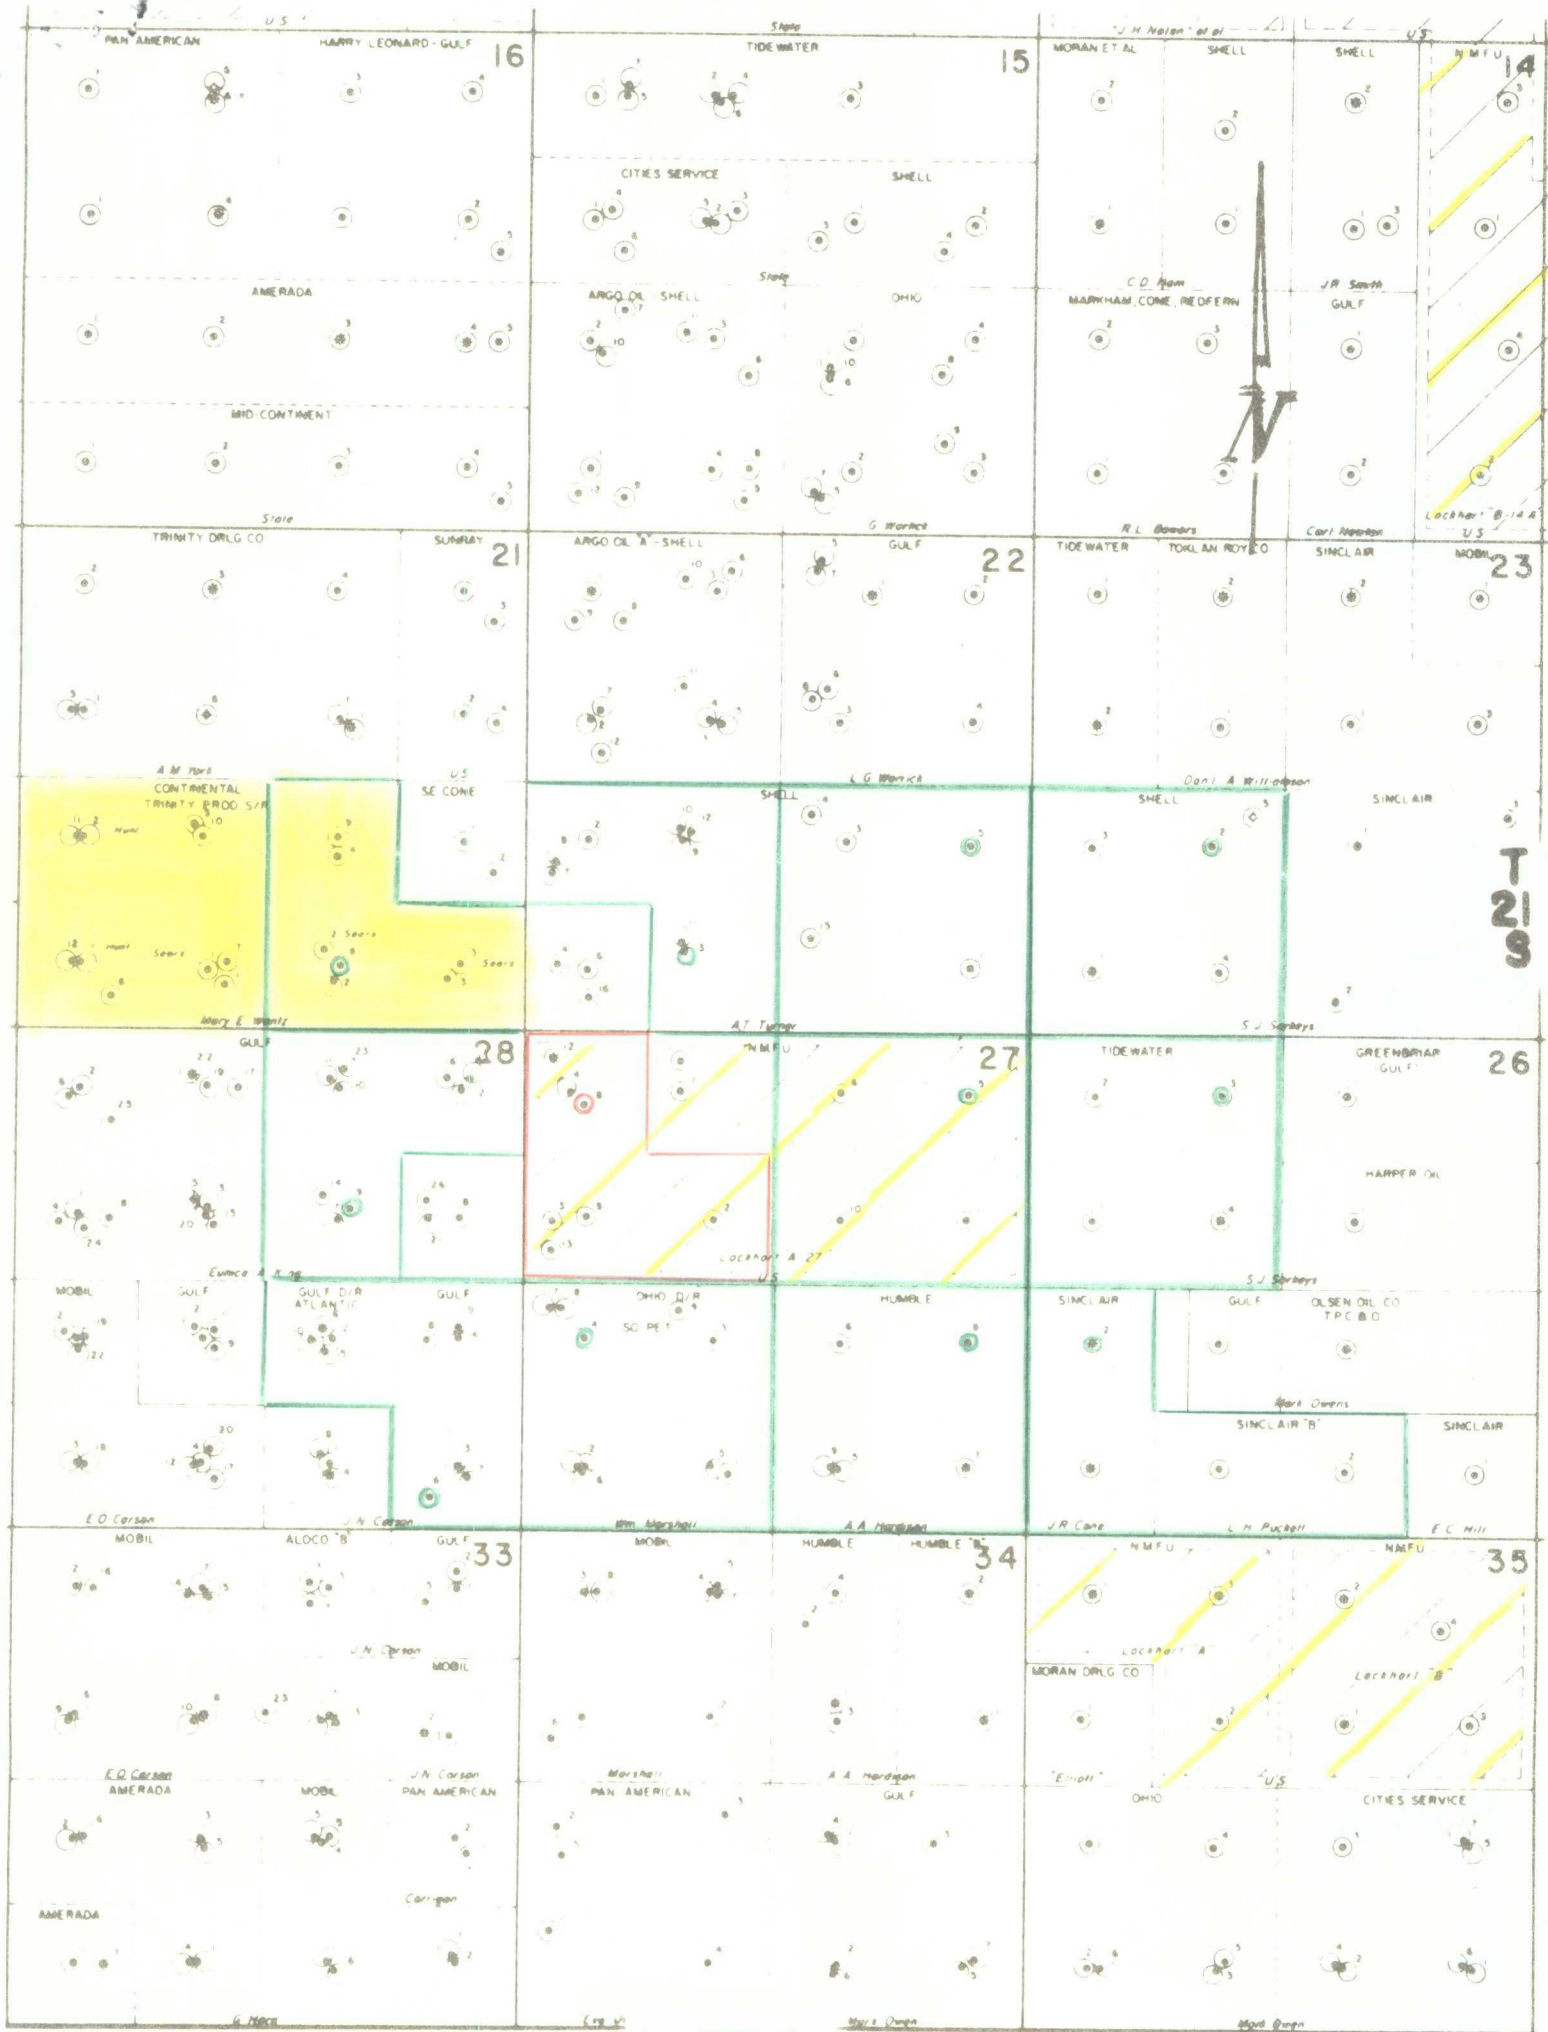

The granting of this application is in the interest of preventing waste and the protection of correlative rights.

In view of the facts set out herein it is respectfully requested that the Commission enter an order approving the non-standard gas proration unit for Continental Oil Company's Lockhart A-27 No. 8 well as described above.
