> RE: **Administrative Approval of Unorthodox Location**

> > Cullins Federal #5 (API# 30-039-24045)

2,150' FNL & 2,150' FEL TWP24N, R3W Sec. 4

Rio Arriba County, New Mexico

Dear Sir or Madam:

Energen Resources Corporation (Energen) hereby requests Administrative Approval for an Unorthodox Location of its Cullins Federal #5 as it pertains to the recent pay-add of the South Blanco Pictured Cliffs 🔌 Formation approved March 14, 2008.

The well is located 2,150' FNL & 2,150' FEL of Township 24 North, Range 3 West Section 4, Rio Arriba County, New Mexico and dedicated to a standard 160.00 acre gas spacing unit consisting of the NE/4 of said Section 4, in the South Blanco Pictured Cliffs Formation. The Cullins Federal #5 was originally approved as a standard NE/4 160.00 acre spacing unit Dakota well in June of 1986.

The Cullins Federal #5 as situated is in accordance with the pooling set back rules for the West Lindrith Gallup-Dakota formation as originally permitted. However, the South Blanco Pictured Cliffs pooling rules call for a 660' set-back. The above referenced pay-add creates an unorthodox location relative to the South Blanco Pictured Cliffs formation.

As located the Cullins Federal #5 is not in accordance with the allotted backs for the South Blanco Pictured Cliffs formation on the western and southern boundaries of the NE/4. Attached is a plat depicting Energen as the lease holder for the entire Section 4, effectively covering the encroached upon quarter section lines.

Please advise if any additional information is required. Your favorable consideration of this request would be greatly appreciated.

Respectfully Subpritted,

John Harringtøn Landman
