At
Attention: Mr. A. L. Porter, Jr.

Gentlemen:

On April 13, 1966, we requested the Commission's
order approving the non-standard gas proration unit for the above
captioned.

Inasmuch as we have not received any notification
from your office, we are wondering if perhaps our original request
might have been lost in the mails or otherwise gone astray. We are,
therefore, enclosing a duplication of our original request.

Very truly yours,

TOM SCHNEIDER

RE: Tom Schneider's application
for a 160-acre non-standard
gas proration for his State
#1 in Section 16, T-23-S,
R-36-E, Jalmat Gas Pool,
Lea County, New Mexico.

Gentlemen:

Tom Schneider respectfully requests administrative approval under the provisions of Rule V(c) of the Special Rules and Regulations for the Jalmat Gas Pool of Order R-1670 for the formation of a 160-acre non-standard gas proration unit consisting of the W/2 SE/4 and the E/2 SW/4 of Section 16, Township 23 South, Range 36 East, for his #1 State well, located 660 feet from the south line and 1980 feet from the East line of said Section 16 in the Jalmat Gas Pool.

In support of this request he would like to point out that the proposed unit conforms with the requirements of said Rule V (c) in all respects as follows:

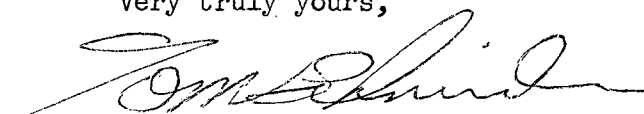

1. Said proposed non-standard gas proration unit consists of contiguous quarter quarter sections.
2. Said proposed non-standard gas proration unit lies wholly within a single governmental section.
3. The entire proposed non-standard gas proration unit may be reasonably presumed to be productive of gas.
4. The length or width of said unit does not exceed 5,280 feet.
5. Copies of this application have been furnished this date by registered mail to all offset operators and all operators

within 1,500 feet of said well, as required by the provisions of said Rule V (c).

A plat is attached hereto showing to the best of our knowledge and belief the proposed unit, the location of the #1 well and other wells on the lease, offset wells and ownership thereof.

In view of the facts set out herein, it is respectfully requested that the Commission enter an order approving the non-standard gas production unit for Tom Schneider's #1 State as described above.

Very truly yours,

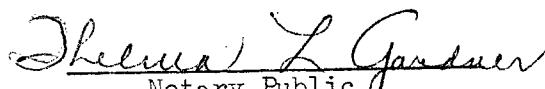

TOM SCHNEIDER
