Re: Amendment of Administrative  
Order NSP-796  
A. H. Blinebry Federal (NCT-1)  
Well No. 6  
Blinebry (Gas) Pool  
Lea County, New Mexico

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

TEXACO Inc. respectfully requests an amendment to Order No. NSP-796 to permit a non-standard 80-acre Blinebry Gas Proration Unit comprising the W/2 of the NE/4 of Section 19, T-22-S, R-38E, Lea County, New Mexico. The subject acreage will be dedicated to the A. H. Blinebry Federal (NCT-1) Well No. 6 which currently has the 40 acres in the NW/4 of the NE/4 of Section 19 dedicated to it. In essence, we propose to rededicate the 40 acres presently assigned to the Blinebry completion in the A. H. Blinebry Federal (NCT-1) No. 7 which has been shut-in due to mechanical difficulties.

In support of this request, the following facts are submitted:

1. The proposed non-standard proration unit consists of less acreage than a standard proration unit of 160 acres.
2. The proposed non-standard proration unit consists of contiguous quarter-quarter sections.
3. The proposed non-standard proration unit lies wholly within a single governmental section.
4. The entire non-standard proration unit may reasonably be presumed to be productive of gas from the Blinebry Gas Pool.

March 17, 1970

5. All offset operators to the proposed non-standard unit have been furnished a copy of this application.

Yours very truly,

W. E. Morgan  
District Superintendent
