Mark E. Fesmire, P.E.
Oil Conservation Division
1220 South St. Francis Drive
Santa Fe, New Mexico 87505

Dear Mr. Fesmire:

Pursuant to NMAC 19.15.15.13, BOPCO, L.P. applies for approval of an unorthodox oil well location for the following well:

<u>Well:</u>	Poker Lake Unit Well No. 293
<u>Surface location:</u>	810 feet FNL & 1980 feet FWL §21
<u>Bottom hole location:</u>	2266 feet FSL & 1471 feet FEL §22
<u>Well unit (project area):</u>	N $\frac{1}{2}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$, of Section 21, and SW $\frac{1}{4}$ NE $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, and NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 22, Township 24 South, Range 30 East, N.M.P.M., Eddy County, New Mexico

The well will be drilled to a depth sufficient to test the Nash Draw-Delaware/Bone Spring Avalon Sand Pool. The pool is spaced on statewide rules, with 40 acre spacing, and wells to be located no closer than 330 feet to a quarter-quarter section line. A Form C-102 is attached as **Exhibit A**.

The unorthodox location is due to placement of the horizontal wellbore: Due to its directional plan it encroaches on the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 21 and the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 22. However, the E $\frac{1}{2}$ of Section 21 and the NW $\frac{1}{4}$ of Section 22 are covered by Federal Lease LC 068431, which has common ownership. **Exhibit B**. Thus, the encroachment does not adversely affect offset owners.

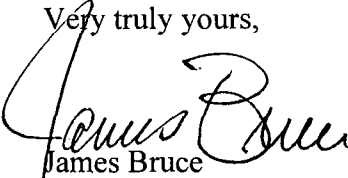

The well path also crosses the center of Section 22, but each adjoining quarter-quarter section is part of the well unit. The leases covering those lands are described in **Exhibits B, C, and D**.

Finally, the terminus of the well encroaches on the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 22. However, the SE $\frac{1}{4}$ of Section 22 is a single lease. **Exhibit D.**

As a result of the foregoing, there is no adversely affected offset, and notice has not been given to anyone.

Please contact me if you need any further information on this application.

Very truly yours,

James Bruce
Attorney for BOPCO, L.P.

Subject: BOPCO unorthodx location (PLU No. 293)

Dvaid: (1) The point of penetration is the surface location.

(2) Interest ownership (RI, ORRI, and WI) is common in the entire SE/4 of Section 22, so the NE/SE/4 ownership is the same as in the NW/4SE/4, where the well terminates.

Subject: BOPCO; Poker Lake Unit #293; NSL Application

Dear Jim

I have reviewed the referenced application, and note the following:

1. The application does not state the footage location of the point of penetration of the Delaware, or if it does I could not find it. The lat/long is given, but I need a translation to footages.
2. The application states that the encroachment toward the NE/SE of Section 22 does not require notices because the SE/4 of Section 22 is a single lease. However, it does not specifically state that operating rights ownership is common throughout the SE/4. If that is true, I need a specific representation to that effect.

Thanks for your assistance.

David
