## **ADDITIONAL DATA**

| Are all working, royalty and overriding royalty interests identical in all commingled zones?<br>If not, have all working, royalty and overriding royalty interest owners been notified by certified mail?     | Yes<br>Yes | <u>x</u> | No<br>No    |
|---|------------|----------|-------------|
| Are all produced fluids from all commingled zones compatible with each other?   | Yes        | <u>x</u> | No          |
| Will commingling decrease the value of production?  | Yes        |          | No <u>X</u> |
| If this well is on, or communitized with, state or federal lands, has either the Commissioner of Public Lands<br>or the United States Bureau of Land Management been notified in writing of this application? | Yes        |          | No          |
| NMOCD Reference Case No. applicable to this well:   |            |          |             |

Attachments:

OGRID No. <u>025575</u> Property Code

C-102 for each zone to be commingled showing its spacing unit and acreage dedication. Production curve for each zone for at least one year. (If not available, attach explanation.) For zones with no production history, estimated production rates and supporting data. Data to support allocation method or formula. Notification list of working, royalty and overriding royalty interests for uncommon interest cases. Any additional statements, data or documents required to support commingling.

## PRE-APPROVED POOLS

If application is to establish Pre-Approved Pools, the following additional information will be required:

List of other orders approving downhole commingling within the proposed Pre-Approved Pools List of all operators within the proposed Pre-Approved Pools Proof that all operators within the proposed Pre-Approved Pools were provided notice of this application. Bottomhole pressure data.
