V-F Petroleum Inc.
Danglade #1
Unit J, Sec. 15, T-16-S, R-35-E
Shoebar ~~Pennsylvanian~~, N. Field
Lea County, ~~New Mexico~~ *Wolfcamp*

Dear Mr. Porter:

We respectfully request permission to form a non standard proration unit for the subject well dedicating the following acreage:

W/2 of the SE/4 and NE/4 of the SW/4 of Section 15

Please find attached the acreage dedication plat showing the 120 acres we propose to dedicate to this well. The field rules call for 160 acres proration unit and all V-F Petroleum owns at this time is 120 acres as shown.

This well originally produced from the Devonian at 12,600', then the Strawn at 10,960', the Atoka at 11,400' and back to the Strawn at 10,960' prior to our recent completion in this stray Wolfcamp zone at 10,045' to 10,054'. This zone, in all probability, is in a limited reservoir. It currently pumps approximately 50 barrels of oil per day and no water.

We appreciate your consideration on this matter and if additional information is needed, do not hesitate to call.

Very truly yours,

V. F. Vasicek
President

VFV/kaj
