NATURE OF RELEASE

Type of Release	produced oil	Volume of Release	~4 bbls	Volume Recovered	0 bbls
Source of Release		Date and Hour of Occurrence		Date and Hour of Discovery	
Tank battery was allowed to spill over top		Between 12.3.09 & 12.4.09		12.04.09 0800 hours	
Was Immediate Notice Given?	Yes <input type="checkbox"/> No <input type="checkbox"/> X Not Required	If YES, To Whom?			
By Whom?		Date and Hour			
Was a Watercourse Reached?	<input type="checkbox"/> Yes X No	If YES, Volume Impacting the Watercourse.			

If a Watercourse was Impacted, Describe Fully.*

WATER @ 55'

Describe Cause of Problem and Remedial Action Taken.*

Normal lease pumper involved in a vehicle accident with bodily injuries to family. Several days were spent in the hospital. During this stay, his lease was monitored by an individual who was not familiar with the operations. Subsequently, the oil storage tanks were allowed to fill and spill over the top. The normal pumper returned to work immediately.

Describe Area Affected and Cleanup Action Taken.*

The affected area is contained on the lease road and extending approximately 300' west of site. Initial remediation was not effective. The affected soil will be removed and taken to an OCD approved land farm. Surface soil samples will be taken and checked for hydrocarbon contamination. Fresh topsoil will be obtained from the landowner, hauled in, and contoured over the area.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
