Re: Waiver of Non-Standard Location
Canyon Largo Unit #504
520' FNL & 1680' FWL
Sec 24, T25N-R6W
Rio Arriba County, New Mexico

Dear Mr. Malone:

Huntington Energy L.L.C. plans to drill the above referenced well in the Dakota Formation. Due to many archaeological issues, the well is located 520' from the North Line and is not the required 660' from the North Line. Therefore, this well is a non-standard location.

In order to comply with New Mexico Oil Conservation rules, Huntington Energy, L.L.C. respectfully requests a Waiver of Non-Standard Location from Burlington Resources/ConocoPhillips Company. If you agree to waive any objections to the above referenced location, please signify your approval by executing below and returning this waiver to my attention.

Thank you.
